SuperLife Invest

Product Disclosure Statement

Offer of units in SuperLife Invest

Issued by Smartshares Limited

This document gives you important information about this investment to help you decide whether you want to invest. There is other useful information about this offer on **disclose-register.companiesoffice.govt.nz**. Smartshares Limited has prepared this document in accordance with the Financial Markets Conduct Act 2013. You can also seek advice from a financial advice provider to help you to make an investment decision.

This is a replacement product disclosure statement. It replaces the product disclosure statement dated 28 November 2025.

SUPERLIFE
a Member of the NZX Group

1. Key information summary

What is this?

This is a managed investment scheme. Your money will be pooled with other investors' money and invested in various investments. Smartshares Limited (**Smartshares**, **we**, **our** or **us**) will invest your money and charge you a fee for our services. The returns you receive are dependent on the investment decisions of Smartshares and the performance of the investments. The value of those investments may go up or down. The types of investments and the fees you will be charged are described in this product disclosure statement.

What will your money be invested in?

SuperLife Invest (**Scheme**) has 43 investment options, which you can combine any way you choose:

- **SuperLife Age Steps:** An investment option where the mix of income and growth assets is automatically set based on your age. As you get older, the proportion of your investment in growth assets will be reduced, lowering the expected size of the ups and downs in the value of your investment.
- **Diversified funds:** Funds that provide a range of risk-return profiles. The funds invest in a mix of the main investment asset classes of cash, fixed interest, shares and property. If you invest in a diversified fund, it's up to you to change funds if your risk-return profile changes.
- **Ethical fund:** A balanced fund that takes into account environmental, social and governance (ESG) factors, alongside our socially responsible investment (SRI) standards. In summary this involves:
  - Excluding investment in companies or assets that do not meet our SRI standards (exclusions include companies involved in tobacco and military weapons)
  - ESG screening to reduce investment based on ESG factors (e.g. reduce investment in companies with high greenhouse gas emissions)
  - Increasing investment in companies with superior ESG factors (e.g. companies that sustainably manage their impact on the environment)

  We expect the incorporation of SRI and ESG factors will provide investors with a long-term return that is broadly comparable to similar funds that do not have SRI or ESG considerations, for a similar level of market risk.

  More information on our ethical fund and the use of SRI exclusions and ESG screening can be found at **superlife.co.nz/responsible-investing-home**.
- **Guest manager fund:** A fund which invests in an active fund managed by another fund manager.
- **Sector funds:** Funds invested in New Zealand, Australian and international markets that you can use to set your own investment strategy. Each sector fund invests in one of the main investment asset classes of cash, fixed interest, shares and property. If you invest in the sector funds, it's up to you to change funds if your investment strategy changes.

Some of these investment options are summarised on pages 4 to 5. More information about the investment target and strategy for each of these investment options is provided in section 3.

The other investment options offered under this product disclosure statement are listed on page 6. A summary of the investment target and strategy, and other information about performance and fees, for each of these investment options is contained in a separate fund update. These fund updates should be read together with this product disclosure statement and are available at **superlife.co.nz/legal**.

Who manages the Scheme?

Smartshares is the manager of the Scheme. See section 7 for more information.

How can you get your money out?

Investments in the Scheme are redeemable. You can withdraw your investment at any time. See section 2 for more information.

Your investment in the Scheme can be sold but there is no established market for trading these financial products. This means that you may not be able to find a buyer for your investment, however, because you can withdraw your investment at any time, there's no need to sell your investment to another person.

How will your investment be taxed?

Each fund is a portfolio investment entity (**PIE**).

The amount of tax you pay in respect of a PIE is based on your prescribed investor rate (**PIR**). To determine your PIR, go to **ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate**. See section 6 for more information.

Where can you find more key information?

We are required to publish quarterly updates for each investment option. The updates show the returns, and the total fees actually charged to investors, during the previous year. The latest fund updates are available at **superlife.co.nz/legal**. We will also give you copies of fund updates on request.

Investment options summarised in this product disclosure statement

Funds					
Fund	**Target income assets**	**Target growth assets**	**Description and investment objective**	**Risk indicator**	**Fund charges (% per annum of the fund's net asset value)**
Diversified funds					
SuperLife Income Fund	100%	–	Invests in income assets. Designed for investors that want an investment in New Zealand and international fixed interest. Negative annual returns may occur once in every 7 – 10 years on average.	Lower risk 1 2 **3** 4 5 6 7 Higher risk Potentially lower return / Potentially higher return	0.46%
SuperLife Conservative Fund	70%	30%	Invests mostly in income assets. Designed for investors that want a conservative investment option. Negative annual returns may occur once in every 7 – 10 years on average.	Lower risk 1 2 **3** 4 5 6 7 Higher risk Potentially lower return / Potentially higher return	0.47%
SuperLife Balanced Fund	40%	60%	Invests in a mix of income and growth assets. Designed for investors that want a balanced investment option. Negative annual returns may occur once in every 5 – 7 years on average.	Lower risk 1 2 3 **4** 5 6 7 Higher risk Potentially lower return / Potentially higher return	0.50%
SuperLife Growth Fund	20%	80%	Invests mostly in growth assets. Designed for investors that want a growth investment option. Negative annual returns may occur once in every 3 – 5 years on average.	Lower risk 1 2 3 **4** 5 6 7 Higher risk Potentially lower return / Potentially higher return	0.51%
SuperLife High Growth Fund	1%	99%	Invests in growth assets. Designed for investors that want an aggressive investment option that invests in shares and property. Negative annual returns may occur once in every 2 – 4 years on average.	Lower risk 1 2 3 4 **5** 6 7 Higher risk Potentially lower return / Potentially higher return	0.53%
Ethical fund					
Ethica Fund	40%	60%	Designed for investors that want a balance between stability of returns and growth of their investment over the long term. Provides exposure to a diverse selection of global companies and income assets that align with our Responsible Investment Policy. We exclude assets that do not meet our socially responsible investment standards, and increase or decrease exposure to companies based on their environmental, social and governance (ESG) factors.	Lower risk 1 2 3 **4** 5 6 7 Higher risk Potentially lower return / Potentially higher return	0.60%
Sector fund – cash					
NZ Cash Fund	100%	–	Invests in New Zealand cash and designed to outperform (before tax, fees and other expenses) the S&P/NZX Bank Bills 90-Day Total Return Index over rolling one-year periods.	Lower risk 1 **2** 3 4 5 6 7 Higher risk Potentially lower return / Potentially higher return	0.42%

SuperLife Age Steps

SuperLife Age Steps automatically sets the proportion of your investment in income and growth assets based on your age. As you get older, the proportion of your investment in more volatile growth assets will be reduced, lowering the expected size of the ups and downs in the value of your investment. This option may be suitable if you are saving for retirement (assumed to be age 65), and assumes you will continue to invest your savings and spend them over your retirement period.

The information set out below is a representative sample of the age steps. Information about all the age steps is available at **superlife.co.nz/agesteps**.

Investor's age	Target income assets	Target growth assets	Risk indicator	Estimated fund charges (% per annum of the fund's net asset value)
20 years	5%	95%		0.53%
30 years	20.8%	79.2%		0.52%
40 years	20.8%	79.2%		0.52%
50 years	25.8%	74.2%		0.51%
60 years	42.6%	57.4%		0.50%
70 years	60.4%	39.6%		0.48%
80 years	90.1%	9.9%		0.46%

The Scheme has an administration fee. The cost to you is $12 a year (regardless of the number of investment options you choose to invest in, or the number of times you change your investment options).

If you are insured through the Scheme, you will be charged each year an insurance administration fee of $33 per type of cover (life and income protection cover only) and 8.8% of the premium (life, total and permanent disablement, and income protection cover only).

You will only be charged a financial adviser fee if you have a financial adviser and have agreed with your adviser that he/she will be paid a fee for providing you financial advice. The amount of this fee is agreed between you and your financial adviser and set out in the application form.

See section 4 for an explanation of the risk indicator and for information about other risks that are not included in the risk indicator. To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at **sorted.org.nz/tools/investor-profiler**.

Investment options summarised in fund updates

The funds set out below give you the flexibility to set your own investment strategy. Information about the investment target and strategy, and performance and fees, for each of the guest manager and sector funds is contained in the fund updates available at **superlife.co.nz/legal**.

2. How does this investment work?

The key benefits of the Scheme are:

- **Low fees**: Our fees are among the lowest in the market. Low fees mean more of the investment returns go to you.
- **Index tracking**: Most of our funds are designed to track market indices because we don't think constantly changing our investments for short-term gains will consistently result in outperformance of the market. In less efficient markets, we use a systematic approach to add value.
- **Flexibility**: Subject to balance levels described below, we have no minimum contribution amounts.
- **Choice**: We have a broad range of investment options, which can be combined any way you choose and changed any time, free of charge.
- **Ethical investment**: We recognise that some investors value an ethical investment approach. Our Ethica Fund provides an ESG integrated fund that invests in accordance with our Responsible Investment Policy.

The Scheme is a managed investment scheme under the Financial Markets Conduct Act 2013. To protect the interests of investors, the Scheme's investments are held by independent custodians, and our operations are supervised by an independent supervisor, Public Trust. The Scheme is governed by a master trust deed between the supervisor and us, and each fund is established as a separate trust.

Your money is pooled and invested with other investors' money.

Your money goes into an account in your name. This account is invested in one or more of the investment options chosen by you.

Every time you pay money into the Scheme you will receive units in the funds you invest in. The number of units that you hold in a fund represents your proportionate interest in that fund. All units in a fund have equal value.

Units only give a beneficial interest in fund assets and do not give you any right to any particular asset of a fund.

You can withdraw your investment by redeeming your units in the Scheme for cash. There are no regular distributions from the Scheme (although you can make regular withdrawals).

All funds have assets (the investments of the fund) and liabilities (the taxes, fees and costs payable by the fund). All liabilities incurred in respect of a fund will be met from the assets of that fund. If the investments in a fund are not sufficient to meet its liabilities, the investments in another fund cannot be used to meet those liabilities.

myFutureFund is a way to help save for a child's future. If a child joins the Scheme as part of myFutureFund, the myFutureFund Guardian will make all decisions about withdrawing investments and switching between investment options until the child reaches the age set by the myFutureFund Guardian. The myFutureFund Guardian is the person specified in the application form when the child joined the Scheme.

The Scheme may undertake securities lending (which generates additional revenue for the benefit of investors and us).

If you are insured through the Scheme, life, total and permanent disablement, and income protection cover is provided through Fidelity Life Assurance Company Limited under group insurance policies. The group insurance policies are held by Public Trust, for and on behalf of members that are insured through the Scheme. See the 'Other Material Information' document and the group insurance policies on the offer register at **disclose-register.companiesoffice.govt.nz** for further information.

Making investments

You can invest by making regular or lump sum payments to the Scheme at any time. There is no minimum contribution amount.

We may close your account and return your investment if you do not regularly contribute and the balance falls below $100.

With myFutureFund, parents, grandparents, other relatives and friends can make payments to the Scheme at any time.

Your payments will be invested in the investment options you have chosen.

Withdrawing your investments

You can withdraw your investment at any time by making regular or lump sum withdrawals, or by withdrawing the full amount.

We may close your account and return your investment to you if your balance falls below $100.

If you die, we will pay your investment to the people you have nominated or, if you have not nominated anyone, your personal representatives (the executors or administrators of your estate) or otherwise in accordance with law. Withdrawals may also be required by law (for example, if a court orders the release of money from your account).

We may, in limited circumstances, suspend processing withdrawal requests (including where we cannot sell enough assets of a fund to satisfy a withdrawal request, or if we consider a withdrawal could be detrimental to other investors in a fund).

How to switch between investment options

You can switch your investment from one investment option to another investment option at any time free of charge.

You also have the flexibility to leave your existing investment in your current investment options, and just change the investment options that your future contributions are allocated to.

You can do this at **superlife.co.nz** or by completing a change investment strategy form (which is available online) and providing it to us.

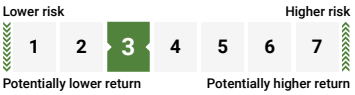
We may, in limited circumstances, suspend processing requests to switch between investment options. We can set requirements for switching, including minimum switch amounts and restrictions on redirecting contributions to another fund.

3. Description of your investment options

Funds		
Description, investment objective and target investment mix	Risk indicator	Minimum suggested investor timeframe

Diversified funds

SuperLife Income Fund



2 years

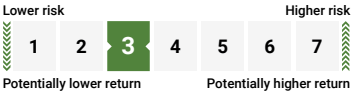
Invests in income assets. Designed for investors that want an investment in New Zealand and international fixed interest. Negative annual returns may occur once in every 7 – 10 years on average.

- 10% Cash and cash equivalents
- 45% NZ fixed interest
- 45% International fixed interest

- **100% Income assets**

SuperLife Conservative Fund

sorted.org.nz fund type: CONSERVATIVE



4 years

Invests mostly in income assets. Negative annual returns may occur once in every 7 – 10 years on average.

Sector fund – cash

NZ Cash Fund

Lower risk 1 **2** 3 4 5 6 7 Higher risk
Potentially lower return — Potentially higher return

None

Invests in New Zealand cash and designed to outperform (before tax, fees and other expenses) the S&P/NZX Bank Bills 90-Day Total Return Index over rolling one-year periods.

- 100% Cash and cash equivalents

- **100% Income assets**

SuperLife Age Steps

SuperLife Age Steps automatically sets the proportion of your investment in income and growth assets based on your age. As you get older, the proportion of your investment in more volatile growth assets will be reduced, lowering the expected size of the ups and downs in the value of your investment. This option may be suitable if you are saving for retirement (assumed to be age 65), and assumes you will continue to invest your savings and spend them over your retirement period.

The information set out below is a representative sample of the age steps. Information about all the age steps is available at **superlife.co.nz/agesteps**.

Investor's age	Target investment mix		Risk indicator
20 years	1.4% Cash and cash equivalents 1.8% NZ fixed interest 1.8% International fixed interest	22.1% Australasian equities 58.5% International equities 4.8% Listed property 9.6% Other		5% Income assets	**95% Growth assets**	
30 years	2.8% Cash and cash equivalents 9% NZ fixed interest 9% International fixed interest	18.4% Australasian equities 48.8% International equities 4% Listed property 8% Other	
	20.8% Income assets	**79.2% Growth assets**	
40 years	2.8% Cash and cash equivalents 9% NZ fixed interest 9% International fixed interest	18.4% Australasian equities 48.8% International equities 4% Listed property 8% Other	
	20.8% Income assets	**79.2% Growth assets**	
50 years	3.2% Cash and cash equivalents 11.3% NZ fixed interest 11.3% International fixed interest	17.2% Australasian equities 45.7% International equities 3.8% Listed Property 7.5% Other	
	25.8% Income assets	**74.2% Growth assets**	
60 years	4.8% Cash and cash equivalents 18.9% NZ fixed interest 18.9% International fixed interest	13.3% Australasian equities 35.4% International equities 2.9% Listed Property 5.8% Other	
	42.6% Income assets	**57.4% Growth assets**	
70 years	6.4% Cash and cash equivalents 27% NZ fixed interest 27% International fixed interest	9.2% Australasian equities 24.4% International equities 2% Listed Property 4% Other	
	60.4% Income assets	**39.6% Growth assets**	
80 years	9.1% Cash and cash equivalents 40.5% NZ fixed interest 40.5% International fixed interest	2.3% Australasian equities 6.1% International equities 0.5% Listed Property 1.0% Other		90.1% Income assets	**9.9% Growth assets**	

The Statement of Investment Policy and Objectives (**SIPO**) for the Scheme sets out the investment policies and objectives for the Scheme. The SIPO also sets out the target investment mix and investment mix ranges (minimum and maximum limits) for each fund. We may change the SIPO at any time following consultation with the supervisor. We will give you at least 30 days' notice of any change that is expected to have a material effect on you.

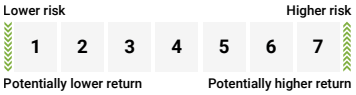
The SIPO is available at **superlife.co.nz/legal**. Material changes to the SIPO will be described in the Scheme's annual report.

Further information about the assets in each investment option can be found in the fund updates at **superlife.co.nz/legal**.

4. What are the risks of investing?

Understanding the risk indicator

Managed funds in New Zealand must have a standard risk indicator. The risk indicator is designed to help investors understand the uncertainties both for loss and growth that may affect their investment. You can compare funds using the risk indicator.



See section 3 for the risk indicators which have been calculated for each of the investment options described in this product disclosure statement.

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the investment option's assets goes up and down (volatility). A higher risk generally means higher potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at **sorted.org.nz/tools/investor-profiler**.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of an investment option's future performance. The risk indicator is based on the returns data for 5 years to 30 June 2026. While risk indicators are usually relatively stable, they do shift from time to time. You can see the most recent risk indicator in the latest fund update for each of the investment options.

General investment risks

When you invest, there is always a risk that the outcome is not what you expected or hoped for. This could be because: (a) the return on your investment was negative or low; or (b) your chosen investment strategy was not always suited to your goals.

Some of the things that may cause a fund's value to move up and down, which affect the risk indicator, are:

- **Market risk**: The risk that a market or a sector of a market that a fund invests in declines.
- **Individual financial product risk**: The risk that changes in the financial condition or credit rating of an issuer of a financial product causes the value of a financial product held by a fund to decline.
- **Liquidity risk**: The risk that an investment is difficult to buy or sell and a fund suffers a loss as a result.
- **Currency risk**: The risk that changes in exchange rates cause the value of an international investment to reduce.
- **Credit risk**: The risk that issuers of fixed interest or cash investments do not pay interest and/or capital repayments when these are due.
- **Interest rate risk**: The risk that interest rates rise and the value of investments (in particular, fixed interest and cash investments) reduce.

Other specific risks

There are other risks that may affect returns for investors, which are not reflected in the risk indicator. These risks include concentration risk, which is the risk that a fund's value may fluctuate more as its diversification decreases. The Ethica Fund integrates ESG factors as a core part of its investment strategy, which means it may be less diversified by excluding companies and sectors that are considered unethical based on our Responsible Investment Policy. Therefore, it may have larger and more frequent ups and downs than an equivalent non-ESG fund, or it may miss out on profitable investment opportunities due to its ethical approach.

See the `Other Material Information' document on the offer register at **disclose-register.companiesoffice.govt.nz** for further information about the risks of investing in the Scheme.

5. What are the fees?

You will be charged fees for investing in the Scheme. Fees are deducted from your investment and will reduce your returns. If we invest in other funds, those funds may also charge fees (these fees are included in the fund charges below). The fees you pay will be charged in two ways:

- regular charges (for example, fund charges). Small differences in these fees can have a big impact on your investment over the long term; and
- one-off fees (currently none).

These are as follows:

Funds		
Fund	**Fund charges (% per annum of the fund's net asset value)**	**Other fees and individual action fees**
Diversified funds		Administration fee - $12 a year (regardless of the number of investment options you invest in, or the number of times you change investment options). Insurance administration fee - if you are insured through the Scheme, you will be charged each year an insurance administration fee of $33 per type of cover (life and income protection cover only) and 8.80% of the premium (life, total and permanent disablement, and income protection cover only). Financial adviser fee - you will only be charged this fee if you have a financial adviser and have agreed with your adviser that he/she will be paid a fee for providing you financial advice. The amount of this fee is to be agreed between you and your financial adviser and set out in the application form.
SuperLife Income Fund	0.46%	
SuperLife Conservative Fund	0.47%	
SuperLife Balanced Fund	0.50%	
SuperLife Growth Fund	0.51%	
SuperLife High Growth Fund	0.53%	
Ethical fund		
Ethica Fund	0.60%	
Sector fund – cash		
NZ Cash Fund	0.42%	

SuperLife Age Steps	
Investor's age	**Estimated fund charges (% per annum of the fund's net asset value)**
20 years	0.53%
30 years	0.52%
40 years	0.52%
50 years	0.51%
60 years	0.50%
70 years	0.48%
80 years	0.46%

The fund charges for investing in the full range of guest manager and sector funds are available at **superlife.co.nz**.

The fund charges are deducted from, and reflected in the value of, the relevant fund. The fund charges cover our manager's fee and other management and administration charges (supervisor, audit and legal costs). The fund charges for SuperLife Age Steps are estimates based on the target investment mix of underlying funds for each age step. The fund charges actually charged may differ from the estimate if the actual investment mix of underlying funds for your investment differs from the target because of market movements.

The administration fee is deducted from your account balance each month (unless other arrangements have been agreed with you).

The $33 per type of cover part of the insurance administration fee and the 8.8% of the premium part of the insurance administration fee are deducted from your account balance at the same time as we deduct the premium and pay it to the insurer (the insurance administration fee is paid to us).

If you are insured through the Scheme, but do not have any investments with the Scheme, we will not claim a tax deduction for the insurance administration fee.

The financial adviser fee (if applicable) is deducted from your account balance each day and paid to your financial adviser.

The financial adviser fee is not deducted when we calculate the PIE tax you pay. This means that if you are being charged this fee, you should discuss with your accountant or tax adviser whether you can seek a deduction for this fee by including it in your tax return. The annual tax statements we send you will set out how much you have paid in financial adviser fees.

We will stop charging you the financial adviser fee if you tell us to stop (for example, if you no longer use your financial adviser).

We may, in exceptional circumstances, deduct costs that relate to the Scheme that arise outside the ordinary course of business from a fund (such occasions are likely to be very rare).

The revenue earned from securities lending is shared equally, with 50% being paid to the fund the financial products were lent from, and 50% being paid to us (for administering the lending programme).

The fees set out in this document include GST where applicable.

Example of how fees apply to an investor

Brett invests $10,000 in the SuperLife Growth Fund. He is charged fund charges, which work out to about $51 (0.51% of $10,000). These fees might be more or less if his account balance has increased or decreased over the year.

Over the next year, Brett pays other charges of $12 – Brett is not insured through the Scheme and does not have a financial adviser.

Estimated total fees for the first year

Fund charges: $51

Other charges: $12

See the latest fund update for the SuperLife Growth Fund for an example of the actual returns and fees investors were charged over the past year.

This example applies only to the SuperLife Growth Fund. If you are considering investing in other investment options in the Scheme, this example may not be representative of the actual fees you may be charged.

The fees can be changed

We can agree to reduce fees for some groups of investors.

We may change the fees payable by an investor at any time. Where we increase a fee, we will give you notice of the change.

We must publish a fund update for each investment option showing the fees actually charged during the most recent year. Fund updates, including past updates, are available at **superlife.co.nz/legal**.

6. What taxes will you pay?

Each fund is a portfolio investment entity (**PIE**). The amount of tax you pay is based on your PIR. To determine your PIR, go to **ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate**. If you are unsure of your PIR, we recommend you seek professional advice or contact Inland Revenue. It is your responsibility to tell us your PIR when you invest or if your PIR changes. If you do not tell us, a default rate may be applied. If the rate applied to your PIE income is lower than your correct PIR, you will be required to pay any tax shortfall as part of the income tax year-end process. If the rate applied to your PIE income is higher than your PIR, any tax over-withheld will be used to reduce any income tax liability you may have for the tax year and any remaining amount will be refunded to you.

7. Who is involved?

About the manager

Smartshares is a fund manager. It is a wholly-owned subsidiary of NZX Limited.

Our contact details are:

Smartshares
PO Box 105262
Auckland 1143

Telephone: 0800 27 87 37
Email: superlife@superlife.co.nz

Who else is involved?

	Name	Role
Supervisor	Public Trust	Supervises how we manage the Scheme for the benefit of you and other investors.
Custodians	BNP Paribas Fund Services Australasia Pty Ltd and Public Trust (acting through its nominee company, SuperLife Nominees Limited)	Hold the assets of the Scheme on behalf of you and other investors entirely separate from both their assets and other schemes' assets
Administration manager	BNP Paribas Fund Services Australasia Pty Ltd	Provides asset valuation, unit pricing and fund accounting services.

8. How to complain

Manager

Complaints about your investment or the Scheme can be made to us at:

Complaints – SuperLife
Smartshares
PO Box 105262
Auckland 1143

Telephone: 0800 27 87 37
Email: complaints@superlife.co.nz

Supervisor

If you make a complaint to us, and the complaint cannot be resolved, you may refer it to the supervisor at:

Complaints
Public Trust
Private Bag 5902
Wellington 6140

Telephone: 0800 371 471
Email: cts.enquiry@publictrust.co.nz

Independent dispute resolution scheme

If you make a complaint to us (or the supervisor), and the complaint cannot be resolved, you may refer it to Financial Services Complaints Ltd (**FSCL**) - A Financial Ombudsman Service. FSCL is our independent external ombudsman and dispute resolution service.

Financial Services Complaints Limited
PO Box 5967
Wellington 6140

Telephone: 0800 347 257
Email: complaints@fscl.org.nz

FSCL will not charge you a fee to investigate or resolve a complaint.

9. Where you can find more information

Further information relating to the Scheme and investment options, including financial statements, annual reports, fund updates and the SIPO, is available on the offer register and the scheme register at **disclose-register.companiesoffice.govt.nz**. A copy of the information on the offer register or scheme register is available on request to the Registrar of Financial Service Providers.

The information set out above is available at **superlife.co.nz/legal** or by contacting us. You can obtain an estimate of the value of your investment online or via our mobile app or by contacting us. This information is available free of charge. See section 7 for our contact details.

You will be sent annual tax statements, which will include the amount of PIE income attributed to you and the amount of PIE tax paid at your PIR.

You can obtain general information about the Scheme and investment options at **superlife.co.nz**.

10. How to apply

To invest in the Scheme, you can apply at **superlife.co.nz** or complete an application form attached to this product disclosure statement and send it to us – the following application forms are attached:

- SuperLife Invest application form for individuals
- SuperLife Invest joint application form
- SuperLife Invest application form for entities
- SuperLife Invest application form for myFutureFund.

SUPERLIFE
a Member of the NZX Group

SuperLife Invest application form for individuals

To apply to join SuperLife Invest (**Scheme**), go to **superlife.co.nz**, or complete this application form and email it to us at **superlife@superlife.co.nz** or post it to us at PO Box 105262, Auckland 1143.

☐	Weekly, fortnightly or monthly	$ _____
☐	Six-monthly or annually	$ _____
☐	Ad hoc	$ _____

Please provide a short description of how you made the money you are intending to invest in the Scheme (e.g. salary or wages, savings, business activity, financial investments, real estate, inheritance, gift etc).

We must also verify your identity and confirm your residential address. We can try to do this electronically, but not everyone can be verified electronically. By providing the information below, you consent to us trying to verify your identity electronically. If we are unable to do so, we will contact you for more information.

Country of citizenship		**Vehicle number plate** (if applicable)	

Only include the plate number if the vehicle is registered in your name.

Complete details for at least one of the following rows:

NZ drivers licence number		**Card version**	

The number is printed on your licence under the note '5a'

The version is printed on your licence under the note '5b'

NZ passport number		**Expiry date**	

Make sure your name entered on page 1 exactly matches the name shown on your passport, including middle name(s)

NZ birth certificate number	

Make sure your name entered on page 1 is your current official name, including middle name(s)

NZ citizenship number		**Country of birth**	

Make sure the country of birth entered above, and your name entered on page 1, exactly match the details shown on the citizenship certificate, including middle name(s)

3. Communications

SuperLife will send your statements and other communications by email. Please select the frequency you would like to receive statements.

Statement frequency: (Tick one) ☐ Weekly ☐ Monthly (default) ☐ Quarterly ☐ Annually (31 March)

4. Investment

Please indicate how you will be making contributions by completing parts A and B as appropriate.

A. Initial lump sum investment: _____

☐ A lump sum contribution will be made after the SuperLife Invest account has been set up and confirmation has been received.

☐ Transfer from an existing SuperLife investment with membership number: _____

☐ The above amount ☐ Total of existing SuperLife investment

☐ Transfer existing investments in specie to the Scheme (subject to SuperLife's agreement). See the attached list of investments.

B. Recurring investment: _____

☐ Direct debit payments will be made after the SuperLife Invest account has been set up and confirmation has been received.

☐ An automatic payment will be set up after the SuperLife Invest account has been set up and confirmation has been received. Automatic payments can be set up by searching 'SuperLife (Invest and KiwiSaver)' as a payee and must include the SuperLife member number as reference and surname in the payer code.

We may close your account and return your investment to you if you do not make regular contributions and your balance falls below $100.

5. Investment strategy

Tick one investment strategy option

SuperLife Age Steps		
SuperLife Age Steps	☐	SuperLife Age Steps automatically sets the proportion of your investment in income and growth assets based on your age. As you get older, the proportion of your investment in more volatile growth assets will be reduced, lowering the expected size of the ups and downs in the value of your investment.
Diversified funds		
SuperLife Income Fund	☐	Invests in income assets. Designed for investors that want an investment in New Zealand and international fixed interest.
SuperLife Conservative Fund	☐	Invests mostly in income assets. Designed for investors that want a conservative investment option.
SuperLife Balanced Fund	☐	Invests in a mix of income and growth assets. Designed for investors that want a balanced investment option.
SuperLife Growth Fund	☐	Invests mostly in growth assets. Designed for investors that want a growth investment option.
SuperLife High Growth Fund	☐	Invests in growth assets. Designed for investors that want an aggressive investment option that invests in shares and property.
Ethical fund		
Ethica Fund	☐	Designed for investors that want a balance between stability of returns and growth of their investment over the long term. Provides exposure to a diverse selection of global companies and income assets that align with our Responsible Investment Policy.
Sector fund – cash		
NZ Cash Fund	☐	Invests in New Zealand cash and designed to outperform (before tax, fees and other expenses) the S&P/NZX Bank Bills 90-Day Total Return Index over rolling one-year periods.
Set your own investment strategy		
My Mix	☐	If you tick this option, please complete the My Mix investment strategy section on page 6.

6. Personal information

The information in this application form, and any information you provide us at later dates, will be collected, used, stored and disclosed as set out in our privacy policy at **superlife.co.nz/legal/privacy-policy**.

7. Member agreement

I confirm that I have received the SuperLife Invest Product Disclosure Statement and apply to join the Scheme.

If I have chosen to invest in a guest manager or sector fund (other than the NZ Cash Fund), Smartshares will send me a fund update for the fund before taking contributions.

Member signature: _____

Date: (dd/mm/yyyy) _____

8. Financial adviser (if applicable)

Complete this section if you have a financial adviser and have agreed with the adviser that he/she will be paid a fee for providing you with financial advice

Financial adviser fee: _____

% per annum of your account balance or $ per annum (complete the fee amount you have agreed with your adviser).

Financial adviser details

Name: _____

Company name: _____

Phone: _____

Mobile: _____

Email: _____

I instruct you to charge me the financial adviser fee and pay it to my financial adviser. I authorise you to disclose information about me and my investments to my financial adviser (and his/her company). I understand that the financial adviser fee will be deducted from my account balance.

I will tell you if I want you to stop charging the financial adviser fee (for example, if I no longer use my financial adviser).

Member signature: _____

Date: (dd/mm/yyyy) _____

The financial adviser must have signed a Financial Adviser Agreement with us.

9. My Mix investment strategy (if applicable)

Complete this section if you have ticked the 'set your own investment strategy' option on page 4

Information about the investment target and strategy, and performance and fees, for each of the guest manager and sector funds is contained in the fund updates available at superlife.co.nz/legal.

My Mix instructions

Income

Each fund receives income (for example, interest and dividends) as part of its overall investment return. Our standard practice is to automatically reinvest the income into the fund it came from. However, another option is to invest the income into the NZ Cash Fund – this may be a better option for you, particularly if you have reached age 65 and are making regular withdrawals from the Scheme.

Tick one income option:

☐ I want each fund's income reinvested into the fund it came from (standard practice).

☐ I want each fund's income invested in the NZ Cash Fund.

Rebalancing

Over time, market movements will change the proportions of your investments so that they differ from the proportions you set in your My Mix investment strategy. The following options let you choose whether we rebalance your investments (i.e. move money between your funds) to maintain these proportions.

Tick one rebalancing option:

☐ Option 1 – Standard rebalancing

Our standard practice is to regularly rebalance your investments (normally each month) to maintain the proportions you set in your My Mix investment strategy.

☐ Option 2 – No rebalancing

You can choose not to have your investments rebalanced. If you choose this option, the proportions of your investments will change with market movements.

☐ Option 3 – Regular withdrawal rebalancing

This option is designed for investors that want to: (a) reduce the risk of withdrawing money from funds that invest in shares and property at a time when the value of those funds has fallen; and/or (b) maintain a minimum level of cash and/or fixed interest.

If you choose this option, we will regularly rebalance your investments (normally each month) to maintain the proportions set in your My Mix investment strategy; however, we will only rebalance by moving money from higher volatility funds (for example, funds that invest in shares and property) to lower volatility funds (for example, funds that invest in fixed interest and cash), and will not move money the other way – this may be a better option for you, particularly if you have reached age 65 and are making regular withdrawals from the Scheme.

If you have entered $ amounts in the initial investment and/or future investment column(s) above, they must add up to the initial investment amount and/or recurring investment amount specified in the investment section on page 3. If you have entered % amounts, they must add up to 100%.

SuperLife Invest joint application form

To apply to join SuperLife Invest (**Scheme**), go to **superlife.co.nz**, or complete this application form and email it to us at **superlife@superlife.co.nz** or post it to us at PO Box 105262, Auckland 1143.

My Mix instructions

Income

Each fund receives income (for example, interest and dividends) as part of its overall investment return. Our standard practice is to automatically reinvest the income into the fund it came from. However, another option is to invest the income into the NZ Cash Fund – this may be a better option for you, particularly if you have reached age 65 and are making regular withdrawals from the Scheme.

Tick one income option:

☐ I want each fund's income reinvested into the fund it came from (standard practice).

☐ I want each fund's income invested in the NZ Cash Fund.

Rebalancing

Over time, market movements will change the proportions of your investments so that they differ from the proportions you set in your My Mix investment strategy. The following options let you choose whether we rebalance your investments (i.e. move money between your funds) to maintain these proportions.

Tick one rebalancing option:

☐ Option 1 – Standard rebalancing

Our standard practice is to regularly rebalance your investments (normally each month) to maintain the proportions you set in your My Mix investment strategy.

☐ Option 2 – No rebalancing

You can choose not to have your investments rebalanced. If you choose this option, the proportions of your investments will change with market movements.

☐ Option 3 – Regular withdrawal rebalancing

This option is designed for investors that want to: (a) reduce the risk of withdrawing money from funds that invest in shares and property at a time when the value of those funds has fallen; and/or (b) maintain a minimum level of cash and/or fixed interest.

If you choose this option, we will regularly rebalance your investments (normally each month) to maintain the proportions set in your My Mix investment strategy; however, we will only rebalance by moving money from higher volatility funds (for example, funds that invest in shares and property) to lower volatility funds (for example, funds that invest in fixed interest and cash), and will not move money the other way – this may be a better option for you, particularly if you have reached age 65 and are making regular withdrawals from the Scheme.

If you have entered $ amounts in the initial investment and/or future investment column(s) above, they must add up to the initial investment amount and/or recurring investment amount specified in the investment section on page 5. If you have entered % amounts, they must add up to 100%.

Prescribed Investor Rate (**PIR**): (Tick one)

0% ☐ 10.5% ☐ 17.5% ☐ 28% ☐

To work out the entity's PIR, go to **ird.govt.nz/roles/portfolio-investment-entities/find-my-prescribed-investor-rate**

2. Foreign tax residency

Is the entity tax resident in a country other than New Zealand? (Tick one)

☐ No ☐ Yes – Please tell us what other country and provide the entity's tax ID number

Country: _____ Tax ID number: ☐☐☐ ☐☐☐ ☐☐☐

Common Reporting Standard (CRS) and Foreign Account Tax Compliance Act (FATCA) information

Is the entity a financial institution? (Tick one) See the guidance below to help you work out whether the entity is a financial institution.

☐ No ☐ Yes

A financial institution includes the following types of entity:

- depository institution – any entity that accepts deposits in the ordinary course of a banking or similar business
- custodial institution – any entity that holds, as a substantial portion of its business (generally 20% or more of its annual gross income), financial assets of others
- investment entity – any entity that primarily conducts a business of specified investment activities for customers or is managed by a certain type of financial institution and derives income primarily from investing, reinvesting, or trading in financial assets (and is not a type of active NFE that is specifically excluded from the definition of investment entity)
- specified insurance company – any entity that is an insurance company (or the holding company of one) that issues, or is obligated to make payments with respect to, a cash value insurance contract or an annuity contract

Apart from the more obvious entities, such as banks, the definition of financial institution in CRS and FATCA includes other financial institutions such as certain brokers, custodians, collective investment vehicles, managed entities, and insurance companies.

You should discuss whether the entity is a financial institution with your accountant or tax adviser.

If the entity is a financial institution, please complete and provide the US Internal Revenue Service's Form W-8-BEN-E for the entity (this form is available from **superlife.co.nz**)

Is the entity a 'passive NFE'? (Tick one) See the guidance below to help you work out whether the entity is a passive NFE.

☐ No ☐ Yes

A NFE is a non-financial entity, which generally means any entity other than a financial institution.

A NFE is generally treated as a passive NFE if, in the preceding financial year, 50% or more of its gross income is passive income, or 50% or more of its financial assets produce passive income. A passive NFE also includes certain investment entities that are not participating jurisdiction financial institutions.

Passive income generally includes non-trading investment income in the form of interest or equivalents, dividends, annuities, other financial arrangements' income, and rents and royalties.

You should discuss whether the entity is a passive NFE with your accountant or tax adviser.

If the entity is a passive NFE, provide the names, tax ID numbers and tax residency (other than New Zealand) of all controlling persons of the entity who are tax resident in a country other than New Zealand. See the guidance below to help you work out who is a controlling person.

A controlling person usually refers to controlling persons of passive NFEs, being a natural person who exercises control over an entity that is a legal person (for example, company) or a legal arrangement (for example, trust). Where no natural person(s) is identified as exercising control, the controlling person(s) of the entity are the natural person(s) who hold the position of senior managing official.

For a trust, this means any settlor(s), trustee(s), protector(s), beneficiary(ies) or class(es) of beneficiaries, and any other natural person(s) exercising ultimate effective control over the trust. Such persons must always be treated as controlling persons of a trust, regardless of who exercises actual control over the trust.

3. Member information and identity verification

To comply with legal requirements, we must collect the information set out below.

In the last 12 months, has the entity, or any of the beneficial owners or authorised persons of the entity, been engaged in a role overseas that was, or is, related to political office or foreign public service? (Tick one)

- ☐ No
- ☐ Yes – Country: _____

Please provide a short description of the purpose of the entity's investment with the Scheme (e.g. long-term saving, part of a broader investment portfolio, trading or short-term investment).

_____

_____

	Investment frequency	**Estimated amount**
How regularly is the entity intending to make investments and for how much? (Tick one and specify amount)	☐ Weekly, fortnightly or monthly	$ _____
	☐ Six-monthly or annually	$ _____
	☐ Ad hoc	$ _____

	Withdrawal frequency	**Estimated amount**
How regularly is the entity intending to make withdrawals and for how much? (Tick one and specify amount)	☐ Weekly, fortnightly or monthly	$ _____
	☐ Six-monthly or annually	$ _____
	☐ Ad hoc	$ _____

Please provide a short description of the source of the funds to be invested in the Scheme (i.e. how the entity makes the money to be invested).

_____

_____

Please provide a short description of the source of the entity's wealth (i.e. how the entity acquired its total assets).

_____

_____

_____

We must verify the identities and confirm the residential addresses of all authorised persons and beneficial owners. We can try to do this electronically, but not everyone can be verified electronically. By providing the information below, each authorised person/ beneficial owner consents to us trying to verify their identity electronically. If we are unable to do so, we will make contact for more information.

An authorised person is a person who has authority to act, solely or jointly with others, on behalf of the entity and includes all trustees of a trust and directors of a company. A beneficial owner is a person currently entitled to a fixed share of 25% or more of a trust's assets and/or income (not including contingent entitlements), or a person who is a 25% or larger shareholder in a company.

Complete additional copies of page 4, as necessary, to include all authorised persons and beneficial owners.

4. Communications

SuperLife will send your statements and other communications by email. Please select the frequency you would like to receive statements.

Statement frequency: (Tick one) ☐ Weekly ☐ Monthly (default) ☐ Quarterly ☐ Annually (31 March)

5. Investment

Please indicate how you will be making contributions by completing parts A and B as appropriate.

A. Initial lump sum investment: _____

☐ A lump sum contribution will be made after the SuperLife Invest account has been set up and confirmation has been received.

☐ Transfer from an existing SuperLife investment with membership number: _____

☐ The above amount ☐ Total of existing SuperLife investment

☐ Transfer existing investments in specie to the Scheme (subject to SuperLife's agreement). See the attached list of investments.

B. Recurring investment: _____

☐ Direct debit payments will be made after the SuperLife Invest account has been set up and confirmation has been received.

☐ An automatic payment will be set up after the SuperLife Invest account has been set up and confirmation has been received. Automatic payments can be set up by searching 'SuperLife (Invest and KiwiSaver)' as a payee and must include the SuperLife member number as reference and entity's name in the payer code.

We may close your account and return your investment to you if you do not make regular contributions and your balance falls below $100.

6. Investment strategy

Tick one investment strategy option

Diversified funds		
SuperLife Income Fund	☐	Invests in income assets. Designed for investors that want an investment in New Zealand and international fixed interest.
SuperLife Conservative Fund	☐	Invests mostly in income assets. Designed for investors that want a conservative investment option.
SuperLife Balanced Fund	☐	Invests in a mix of income and growth assets. Designed for investors that want a balanced investment option.
SuperLife Growth Fund	☐	Invests mostly in growth assets. Designed for investors that want a growth investment option.
SuperLife High Growth Fund	☐	Invests in growth assets. Designed for investors that want an aggressive investment option that invests in shares and property.
Ethical fund		
Ethica Fund	☐	Designed for investors that want a balance between stability of returns and growth of their investment over the long term. Provides exposure to a diverse selection of global companies and income assets that align with our Responsible Investment Policy.
Sector fund – cash		
NZ Cash Fund	☐	Invests in New Zealand cash and designed to outperform (before tax, fees and other expenses) the S&P/NZX Bank Bills 90-Day Total Return Index over rolling one-year periods.
Set your own investment strategy		
My Mix	☐	If you tick this option, please complete the My Mix investment strategy section on page 8.

7. Personal information

The information in this application form, and any information you provide us at later dates, will be collected, used, stored and disclosed as set out in our privacy policy at **superlife.co.nz/legal/privacy-policy**.

8. Entity agreement

If the entity is a trust, all trustees must sign below. If there are more than three trustees, please print off this page and get the other trustees to sign the extra page.

We confirm, on behalf of the entity, that we have received the SuperLife Invest Product Disclosure Statement and apply to join the Scheme. We confirm that any trustee or director of the entity may instruct on behalf of the entity.

If we have chosen to invest in a guest manager or sector fund (other than the NZ Cash Fund), Smartshares will send the entity a fund update for the fund before taking contributions.

My Mix instructions

Income

Each fund receives income (for example, interest and dividends) as part of its overall investment return. Our standard practice is to automatically reinvest the income into the fund it came from. However, another option is to invest the income into the NZ Cash Fund – this may be a better option for you, particularly if you are making regular withdrawals from the Scheme.

Tick one income option:

☐ I want each fund's income reinvested into the fund it came from (standard practice).

☐ I want each fund's income invested in the NZ Cash Fund.

Rebalancing

Over time, market movements will change the proportions of your investments so that they differ from the proportions you set in your My Mix investment strategy. The following options let you choose whether we rebalance your investments (i.e. move money between your funds) to maintain these proportions.

Tick one rebalancing option:

☐ Option 1 – Standard rebalancing

Our standard practice is to regularly rebalance your investments (normally each month) to maintain the proportions you set in your My Mix investment strategy.

☐ Option 2 – No rebalancing

You can choose not to have your investments rebalanced. If you choose this option, the proportions of your investments will change with market movements.

☐ Option 3 – Regular withdrawal rebalancing

This option is designed for investors that want to: (a) reduce the risk of withdrawing money from funds that invest in shares and property at a time when the value of those funds has fallen; and/or (b) maintain a minimum level of cash and/or fixed interest.

If you choose this option, we will regularly rebalance your investments (normally each month) to maintain the proportions set in your My Mix investment strategy; however, we will only rebalance by moving money from higher volatility funds (for example, funds that invest in shares and property) to lower volatility funds (for example, funds that invest in fixed interest and cash), and will not move money the other way – this may be a better option for you, particularly if you are making regular withdrawals from the Scheme.

If you have entered $ amounts in the initial investment and/or future investment column(s) above, they must add up to the initial investment amount and/or recurring investment amount specified in the investment section on page 5. If you have entered % amounts, they must add up to 100%.

11. Trustee declaration (if applicable)

Complete this declaration if the entity is a trust

If the entity is a trust established in New Zealand, one of the trustees must complete this declaration and declare it as a statutory declaration before a lawyer, justice of the peace or notary public.

Date of trust settlement:		Date of most recent trust deed amendment:	

Purpose of the trust

☐ This is a family trust where all beneficiaries are related to one of the settlors, and the purpose of the trust is for estate planning.

☐ This is a charitable trust set up to benefit a specified purpose described below.

☐ Other. Please describe: _____

Trustee(s) - You must inform us if the trustees change

First and middle names	Surname	Date of birth / Registration number if corporate

Settlor(s) - Including appointers of trust assets

First and middle names	Surname	Date of birth

Beneficiaries - Unless the trust is a discretionary trust, a charitable trust, or any other type of trust that has more than ten beneficiaries

First and middle names	Surname	Date of birth

First and middle names	Surname	Date of birth

Further information

If the application is for a discretionary trust, a charitable trust, or any other type of trust that has more than ten beneficiaries, please provide a description of each class or type of beneficiary, or in the case of a charitable trust, the objects of the trust.

Declaration

You must declare this declaration as a statutory declaration before a lawyer, justice of the peace or notary public.

I, _____ (full name) of _____ (address) solemnly and sincerely declare that the information in this declaration is a complete and correct record, and that all beneficial owners have provided identity and residential address verification information with the SuperLife Invest application form for entities and I make this solemn declaration conscientiously believing the same to be true and by virtue of the Oaths and Declarations Act 1957.

SUPERLIFE
a Member of the NZX Group

SuperLife Invest application form for myFutureFund

To apply to join SuperLife Invest (**Scheme**) as part of myFutureFund, complete this application form and email it to us at **superlife@superlife.co.nz** or post it to us at PO Box 105262, Auckland 1143.

myFutureFund is a way to help save for a child's future. If the member joins the Scheme as part of myFutureFund, the myFutureFund Guardian will make all decisions about withdrawing investments and switching between the investment options until the member reaches the age set by the myFutureFund Guardian (up to age 25). If the myFutureFund Guardian dies or becomes mentally incapable before the member reaches age 18, the member's legal guardian will become the myFutureFund Guardian until the member reaches age 18. If the myFutureFund Guardian dies or becomes mentally incapable after the member reaches age 18, the member will be able to make all decisions about withdrawing investments and switching between the investment options.

1. Child's details (Member)

To comply with legal requirements, we must collect information about how often you are intending to make withdrawals, together with information about how you made the money you are intending to invest.

	Withdrawal frequency	Estimated amount
How regularly are you intending to make withdrawals and for how much? (Tick one and specify amount)	☐ Weekly, fortnightly or monthly	$ _____
	☐ Six-monthly or annually	$ _____
	☐ Ad hoc	$ _____

Please provide a short description of how you made the money you are intending to invest in the Scheme (e.g. salary or wages, savings, business activity, financial investments, real estate, inheritance, gift etc).

5. Communications

SuperLife will send your statements and other communications by email. Please select the frequency you would like to receive statements.

Statement frequency: (Tick one) ☐ Weekly ☐ Monthly (default) ☐ Quarterly ☐ Annually (31 March)

6. Investment

Please indicate how you will be making contributions by completing parts A and B as appropriate.

A. Initial lump sum investment: _____

☐ A lump sum contribution will be made after the SuperLife Invest account has been set up and confirmation has been received.

☐ Transfer from an existing SuperLife investment with membership number: _____

☐ The above amount ☐ Total of existing SuperLife investment

☐ Transfer existing investments in specie to the Scheme (subject to SuperLife's agreement). See the attached list of investments.

B. Recurring investment: _____

☐ Direct debit payments will be made after the SuperLife Invest account has been set up and confirmation has been received.

☐ An automatic payment will be set up after the SuperLife Invest account has been set up and confirmation has been received. Automatic payments can be set up by searching 'SuperLife (Invest and KiwiSaver)' as a payee and must include the SuperLife member number as reference and surname in the payer code.

We may close your account and return your investment to you if you do not make regular contributions and your balance falls below $100.

7. Investment strategy

Tick one investment strategy option

SuperLife Age Steps		
SuperLife Age Steps	☐	SuperLife Age Steps automatically sets the proportion of your investment in income and growth assets based on your age. As you get older, the proportion of your investment in more volatile growth assets will be reduced, lowering the expected size of the ups and downs in the value of your investment.
Diversified funds		
SuperLife Income Fund	☐	Invests in income assets. Designed for investors that want an investment in New Zealand and international fixed interest.
SuperLife Conservative Fund	☐	Invests mostly in income assets. Designed for investors that want a conservative investment option.
SuperLife Balanced Fund	☐	Invests in a mix of income and growth assets. Designed for investors that want a balanced investment option.
SuperLife Growth Fund	☐	Invests mostly in growth assets. Designed for investors that want a growth investment option.
SuperLife High Growth Fund	☐	Invests in growth assets. Designed for investors that want an aggressive investment option that invests in shares and property.
Ethical fund		
Ethica Fund	☐	Designed for investors that want a balance between stability of returns and growth of their investment over the long term. Provides exposure to a diverse selection of global companies and income assets that align with our Responsible Investment Policy.
Sector fund – cash		
NZ Cash Fund	☐	Invests in New Zealand cash and designed to outperform (before tax, fees and other expenses) the S&P/NZX Bank Bills 90-Day Total Return Index over rolling one-year periods.
Set your own investment strategy		
My Mix	☐	If you tick this option, please complete the My Mix investment strategy section on page 7.

8. Personal information

The information in this application form, and any information you provide us at later dates, will be collected, used, stored and disclosed as set out in our privacy policy at **superlife.co.nz/legal/privacy-policy**.

9. Guardian agreement

I/We confirm that I/we have received the SuperLife Invest Product Disclosure Statement and apply for the member to join the Scheme as part of myFutureFund.

If I/we have chosen to invest in a guest manager or sector fund (other than the NZ Cash Fund), Smartshares will send me/us a fund update for the fund before taking contributions.

My Mix instructions

Income

Each fund receives income (for example, interest and dividends) as part of its overall investment return. Our standard practice is to automatically reinvest the income into the fund it came from. However, another option is to invest the income into the NZ Cash Fund – this may be a better option for you.

Tick one income option:

☐ I want each fund's income reinvested into the fund it came from (standard practice).

☐ I want each fund's income invested in the NZ Cash Fund.

Rebalancing

Over time, market movements will change the proportions of your investments so that they differ from the proportions you set in your My Mix investment strategy. The following options let you choose whether we rebalance your investments (i.e. move money between your funds) to maintain these proportions.

Tick one rebalancing option:

☐ Option 1 – Standard rebalancing

Our standard practice is to regularly rebalance your investments (normally each month) to maintain the proportions you set in your My Mix investment strategy.

☐ Option 2 – No rebalancing

You can choose not to have your investments rebalanced. If you choose this option, the proportions of your investments will change with market movements.

☐ Option 3 – Regular withdrawal rebalancing

This option is designed for investors that want to: (a) reduce the risk of withdrawing money from funds that invest in shares and property at a time when the value of those funds has fallen; and/or (b) maintain a minimum level of cash and/or fixed interest.

If you choose this option, we will regularly rebalance your investments (normally each month) to maintain the proportions set in your My Mix investment strategy; however, we will only rebalance by moving money from higher volatility funds (for example, funds that invest in shares and property) to lower volatility funds (for example, funds that invest in fixed interest and cash), and will not move money the other – this may be a better option for you.

If you have entered $ amounts in the initial investment and/or future investment column(s) above, they must add up to the initial investment amount and/or recurring investment amount specified in the investment section on page 5. If you have entered % amounts, they must add up to 100%.

SUPERLIFE
a Member of the NZX Group

Direct debit authority form

To set up a recurring direct debit from your bank account to SuperLife, complete this form and email it to us at **superlife@superlife.co.nz** or post it to us at PO Box 105262, Auckland 1143.

Personal and contribution details

Authorisation

I/We authorise you to debit my/our account with the amounts of direct debits from SuperLife (the initiator) with the authorisation code specified on this authority in accordance with this authority until further notice. I/We agree that this authority is subject to the bank's terms and conditions that relate to my/our account, and the specific terms and conditions set out over the page.

Account holder signature(s): _____ Date: _____

Specific terms and conditions

You may ask your bank to reverse a direct debit up to 120 calendar days after the debit if you don't receive written notice of the amount and date of each direct debit from the initiator, or you receive written notice but the amount or the date of debiting is different from the amount or the date specified on the notice.

The initiator is required to give you written notice of the amount and date of each direct debit in a series of direct debits no later than the date of the first direct debit in the series. The notice is to include the dates of the debits and the amount of each direct debit.

If the bank dishonours a direct debit but the initiator sends the direct debit again within five business days of the dishonour, the initiator is not required to give you a second notice of the amount and date of the direct debit.

Insurance only – if the initiator proposes to change an amount or date of a direct debit specified in the notice, the initiator is required to give you notice no less than 30 calendar days before the change or, if the initiator's bank agrees, no less than ten calendar days before the change.
