1. Description of the Scheme

The SuperLife KiwiSaver scheme (**Scheme**) is a KiwiSaver scheme under the Financial Markets Conduct Act 2013. The Scheme is managed by Smartshares Limited (**Smartshares**), which is a wholly-owned subsidiary of NZX Limited.

Each of the funds in the Scheme invests via the equivalent fund in SuperLife Invest. For example, the Scheme's NZ Bonds Fund invests in SuperLife Invest's NZ Bonds Fund.

SuperLife Invest is a managed investment scheme managed by Smartshares. Information about SuperLife Invest is available on the offer register and the scheme register at www.disclose-register.companiesoffice.govt.nz.

2. Investment philosophy

The Scheme's philosophy, which underpins how we implement the investment strategy for each investment option, is:

- **Passive:** We believe that a passive approach to investing will deliver better long-term results. Passive investing means we will either invest in a fund designed to track an index or in a number of assets for the long term. We do not think that constantly changing our investments (that is, trading regularly and seeking short-term gains), consistently adds value to investors.
- **Cost effective:** We make decisions based on what is practical, sensible and for the long term. All decisions must be cost effective – the return to you is improved by the careful management of costs.
- **Diversified:** We believe that better and more consistent outcomes result from diversification. Diversification is about investing in a number of investments and reducing your risk by doing so.
- **Simple:** We aim to keep things simple.

3. Investment options

The Scheme has 41 investment options.

SuperLife^{Age Steps}

SuperLife^{Age Steps} is an investment option where the mix of income and growth assets is automatically set based on your age. As you get older, the proportion of your investment in growth assets will be reduced, lowering the expected size of the ups and downs in the value of your investment.

SuperLife^{Age Steps} invests in SuperLife¹⁰⁰ and SuperLife^{Income} (both managed funds) and the NZ Cash Fund (a sector fund).

The mix of income and growth assets from under age 18 to age 100 is set out in schedule 1 of this SIPO.

Ethical fund

Ethica is a socially responsible balanced fund which excludes assets that do not meet the fund's defined ethical investment standards.

Ethica invests (via SuperLife Invest's Ethica fund) in managed investment schemes managed by third parties, directly held financial products (such as shares) and cash.

Managed funds

The managed funds are a range of five funds that provide a range of risk-return profiles. The funds invest in a mix of the sector and ETF funds. If you invest in a managed fund, it's up to you to change funds if your risk-return profile changes.

The managed funds invest (via SuperLife Invest's managed funds) in the sector and ETF funds and cash.

Sector and ETF funds

The sector and ETF funds are a range of 34 funds invested in New Zealand and international markets that you can use to set your own investment strategy across the main investment asset classes of cash, fixed interest, shares and property. If you invest in the sector and ETF funds, it's up to you to change funds if your investment strategy changes.

Each of the sector funds invests (via SuperLife Invest's sector funds) almost entirely in one asset class. SuperLife Invest's sector funds invest in the Smartshares Exchange Traded Funds, managed investment schemes managed by third parties, directly held financial products¹ (such as shares) and cash.

Each of the ETF funds invests (via SuperLife Invest's ETF funds) almost entirely in the equivalent Smartshares Exchange Traded Fund. For example, SuperLife Invest's NZ Dividend ETF Fund invests in the Smartshares Exchange Traded Funds' NZ Dividend Fund.

4. Investment objective

The objective of the Scheme is to offer access to a wide range of investment options.

The investment objectives and strategies for each fund available in this Scheme are set out in schedules 2 to 41 of this SIPO, together with the market indices used to measure the performance of the assets that each fund invests in.

5. Investment policies

Hedging

Hedging involves removing some or all of the foreign currency risk implicit in owning international assets. This limits the impact of foreign exchange rate movements on investment performance.

¹ The NZ Share Fund and Australian Shares Fund may invest in directly held financial products. The other sector funds do not.

Where a fund has foreign currency exposure, Smartshares hedging policy is set out in the individual investment objectives and strategies for the fund. These are set out in schedules 2 to 41 of this SIPO.

Derivatives

Except for currency hedging, Smartshares does not use derivatives. However, a fund may invest in managed investment schemes that do.

Rebalancing

Rebalancing involves periodically buying and selling assets so that a fund's actual asset allocation is consistent with its target asset allocation.

Generally, a fund's actual asset allocation is rebalanced towards the target asset allocation through the allocation of cash flow. That is, investor contributions and investment income are invested in the asset classes that are under the target asset allocation, and investor withdrawals are funded from, where necessary, the sale of assets in the asset classes that exceed the target asset allocation.

Where:

- the actual asset allocation differs from the target asset allocation by 4% or more; or
- the actual asset allocation differs from the target asset allocation by 2% or more for a six-month period,

a fund will rebalance by selling assets in the asset classes that exceed the target asset allocation, and by investing in the asset classes that are under the target asset allocation. The fund will do this over a six-month period.

Smartshares may choose not to rebalance a fund, provided the actual asset allocation is within the asset allocation ranges.

6. Investment governance and management

Smartshares Board

The Smartshares Board is responsible for managing and overseeing the business and affairs of Smartshares, including:

- approving the investment strategies and the SIPOs for the managed investment schemes managed by Smartshares;
- monitoring compliance with the SIPOs; and
- considering any limit breaks (a limit break is a material breach of a SIPO) and deciding how to correct the limit break, and how to minimise the risk of a recurrence of that type of limit break or to ensure early notification and correction of that type of limit break.

Smartshares' directors are appointed by NZX.

NZX Funds Management Oversight Committee

The NZX Funds Management Oversight Committee is responsible for overseeing Smartshares' operations, including:

- reviewing the investment strategies and the SIPOs for the managed investment schemes managed by Smartshares;
- monitoring compliance with the SIPOs; and
- considering any breaches of the SIPOs and deciding whether a breach is a limit break.

The members of the NZX Funds Management Oversight Committee are senior managers of Smartshares or NZX, and are appointed by the Smartshares Board.

The NZX Funds Management Oversight Committee reports to the Smartshares Board.

Head of Compliance

The Head of Compliance is responsible for:

- overseeing the compliance of Smartshares' operations; and
- reporting all material issues or failures to comply with compliance obligations to the Smartshares Board.

The Head of Compliance is a senior manager of NZX and reports to NZX's Chief Executive Officer, the Smartshares Board and the NZX Funds Management Oversight Committee.

Supervisor

The supervisor supervises Smartshares' operations to protect the interests of investors.

The supervisor is independent of Smartshares.

The supervisor is Public Trust.

Custodian

The custodian holds the Scheme's assets on behalf of investors.

The custodian is appointed by the supervisor and is independent of Smartshares.

The custodian is Public Trust (acting through its nominee company, SuperLife Nominees Limited).

7. Investment performance monitoring and reporting

Smartshares monitors the investment performance of each of the funds in the Scheme.

Every month, Smartshares prepares investment performance reports. These are provided to the NZX Funds Management Oversight Committee and the Smartshares Board.

The NZX Funds Management Oversight Committee and the Smartshares Board monitor the investment performance of the Scheme.

8. Investment strategy review

The NZX Funds Management Oversight Committee will review the Scheme's investment strategy annually. When undertaking the review, the NZX Funds Management Oversight Committee will consider whether changes to market conditions necessitate changes to either:

(1) the nature or types of investments that can be made and any limits on those; and/or (2) any limits on the proportions of each type of asset invested in.

The NZX Funds Management Oversight Committee will undertake an ad hoc review of the Scheme's investment strategy if:

- changes to market conditions necessitate changes to either: (1) the nature or types of investments that can be made and any limits on those; and/or (2) any limits on the proportions of each type of asset invested in; or
- the Smartshares Board instructs the NZX Funds Management Oversight Committee to review the Scheme's investment strategy.

The NZX Funds Management Oversight Committee will report to the Smartshares Board as to the outcome of its review, together with any proposed changes to the Scheme's investment strategy.

The Smartshares Board will consider the NZX Funds Management Oversight Committee's report and may approve the changes to the Scheme's investment strategy.

9. SIPO review

The NZX Funds Management Oversight Committee will review this SIPO annually. When undertaking the review, the NZX Funds Management Oversight Committee will consider: (1) whether changes to the law or the Financial Markets Authority's guidance necessitate changes to the Scheme's investment policies and objectives; and (2) whether changes to the Scheme's investment strategy (made as part of an annual review of investment strategy) necessitate changes to this SIPO.

The NZX Funds Management Oversight Committee will undertake an ad hoc review of this SIPO if:

- changes to the law or the Financial Markets Authority's guidance necessitate changes to the Scheme's investment policies and objectives; or
- the Smartshares Board instructs the NZX Funds Management Oversight Committee to review this SIPO; or
- changes to the Scheme's investment strategy (made as part of an ad hoc review of investment strategy) necessitate changes to this SIPO.

The NZX Funds Management Oversight Committee will report to the Smartshares Board as to the outcome of its review, together with any proposed changes to this SIPO.

The Smartshares Board will consider the NZX Funds Management Oversight Committee's report and may approve the changes to this SIPO.

Where the changes to this SIPO materially affect investors, Smartshares will, prior to effecting any such changes, give at least 30 days' written notice to investors and if such notice is required, the change will not be effective until such notice period has expired.

Schedules

SuperLife^{Age Steps}

Schedule 1 – SuperLife^{Age Steps}

The mix of income and growth assets from under age 18 to age 100 is set out below.

Member age	Income assets	Growth assets

Ethical fund

Schedule 2 – Ethica

Investment objective

Designed for investors that want a balanced investment option. A socially responsible fund which excludes assets that do not meet the fund's defined ethical investment standards.

Investment strategy

Purpose	Asset class	Target	Range	Market index
Income	Cash and cash equivalents	1%	0% - 50%	S&P/NZX Bank Bills 90-Day Index
	New Zealand fixed interest	13%	0% - 55%	S&P/NZX NZ Government Bond Index
	International fixed interest	26%	0% - 55%	Bloomberg Barclays Global Aggregate Index (100% hedged to the New Zealand dollar)
	Total	40%	20% - 60%	
Growth	Australasian equities	14.5%	0% - 50%	70% S&P/NZX 50 Portfolio Index 30% S&P/ASX 200 Index (75% hedged to the New Zealand dollar)
	International equities	38%	0% - 50%	FTSE Developed All-Cap Index (75% hedged to the New Zealand dollar)
	Listed property	7.5%	0% - 30%	25% S&P/NZX Real Estate Select Index 25% S&P/ASX 200 A-REIT Equal Weight Index (75% hedged to the New Zealand dollar) 50% FTSE EPRA/NAREIT developed ex Australia rental index (75% hedged to the New Zealand dollar)

	Total	60%	40% - 80%	
--	--------------	------------	----------------------	--

Permitted investments

The fund may invest (via SuperLife Invest) in the following assets:

- financial products quoted on the NZX or an international stock exchange (which is a member of the World Federation of Exchanges);
- tradeable debt securities;
- any managed investment scheme; and
- cash and cash equivalents.

The fund may also invest in other assets (which are not set out above) that Smartshares considers appropriately reflect the risk profile of the fund and will contribute to the investment objectives of the fund.

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments (and managed investment schemes that primarily invest in cash and cash equivalents).

Ethical investment standards

The fund may not invest in investments where (in Smartshares' opinion) the activities of the entities behind the investment:

- have an overall negative impact on social and community outcomes; or
- would be illegal in New Zealand; or
- are inconsistent with the United Nations' policies on health and safety, child rights and human rights; or
- are expected to result in long-term, detrimental change to the environment.

Current investments and sectors that are excluded are those where a material part of their revenue and/or activities are in the areas of gambling, tobacco, alcohol, armaments, pornography and fossil fuel extraction.

Hedging

The fund's foreign currency exposure may be hedged to the New Zealand dollar, and hedging levels will vary between 0% and 110%.

Rebalancing

The fund is rebalanced in accordance with Smartshares' rebalancing policy.

Other

The fund can borrow up to 10% of the aggregate value of its investments, but only for the purposes of providing short-term liquidity (i.e. to temporarily fund redemptions, securities settlement or pay expenses).

Managed funds

Schedule 3 – SuperLife^{Income}

Investment objective

Designed for investors that want an investment in New Zealand and international fixed interest.

Investment strategy

Purpose	Asset class	Target	Range	Market index
Income	Cash and cash equivalents	1%	0% - 20%	S&P/NZX Bank Bills 90-Day Index
	New Zealand fixed interest	34%	0% - 70%	S&P/NZX A-Grade Corporate Bond Index
	International fixed interest	65%	0% - 70%	50% Bloomberg Barclays Global Aggregate Index (100% hedged to the New Zealand dollar) 50% Bloomberg Barclays Global Aggregate Government-Related and Corporate Index (100% hedged to the New Zealand dollar)
	Total	100%	100%	

Permitted investments

The fund may invest (via SuperLife Invest) in the following assets:

- the sector and ETF funds that primarily invest in income assets; and
- cash and cash equivalents.

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments (and managed investment schemes that primarily invest in cash and cash equivalents).

Hedging

The fund's foreign currency exposure is not hedged, but the fund may invest in other funds which foreign currency exposure is hedged.

Rebalancing

The fund is rebalanced in accordance with Smartshares' rebalancing policy.

Other

The fund can borrow up to 10% of the aggregate value of its investments, but only for the purposes of providing short-term liquidity (i.e. to temporarily fund redemptions, securities settlement or pay expenses).

Schedule 4 – SuperLife³⁰

Investment objective

Designed for investors that want a conservative investment option.

Investment strategy

Purpose	Asset class	Target	Range	Market index
Income	Cash and cash equivalents	1%	0% - 20%	S&P/NZX Bank Bills 90-Day Index
	New Zealand fixed interest	24%	0% - 50%	S&P/NZX A-Grade Corporate Bond Index
	International fixed interest	45%	0% - 60%	50% Bloomberg Barclays Global Aggregate Index (100% hedged to the New Zealand dollar) 50% Bloomberg Barclays Global Aggregate Government-Related and Corporate Index (100% hedged to the New Zealand dollar)
	Total	70%	50% - 90%	
Growth	Australasian equities	6.5%	0% - 30%	70% S&P/NZX 50 Portfolio Index 30% S&P/ASX 200 Index (75% hedged to the New Zealand dollar)
	International equities	16%	0% - 35%	62% FTSE Developed All-Cap Index (100% hedged to the New Zealand dollar) 21% FTSE Developed All-Cap Index (converted to the New Zealand dollar) 17% FTSE Emerging Markets All Cap China A Inclusion Index (converted to the New Zealand dollar)

	Listed property	7.5%	0% - 15%	25% S&P/NZX Real Estate Select Index 25% S&P/ASX 200 A-REIT Equal Weight Index (75% hedged to the New Zealand dollar) 50% FTSE EPRA/NAREIT developed ex Australia rental index (75% hedged to the New Zealand dollar)
	Total	30%	10% - 50%	

Permitted investments

The fund may invest (via SuperLife Invest) in the following assets:

- the sector and ETF funds; and
- cash and cash equivalents.

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments (and managed investment schemes that primarily invest in cash and cash equivalents).

Hedging

The fund's foreign currency exposure is not hedged, but the fund may invest in other funds which foreign currency exposure is hedged.

Rebalancing

The fund is rebalanced in accordance with Smartshares' rebalancing policy.

Other

The fund can borrow up to 10% of the aggregate value of its investments, but only for the purposes of providing short-term liquidity (i.e. to temporarily fund redemptions, securities settlement or pay expenses).

Schedule 5 – SuperLife⁶⁰

Investment objective

Designed for investors that want a balanced investment option.

Investment strategy

Purpose	Asset class	Target	Range	Market index
Income	Cash and cash equivalents	1%	0% - 20%	S&P/NZX Bank Bills 90-Day Index
	New Zealand fixed interest	13%	0% - 30%	S&P/NZX A-Grade Corporate Bond Index
	International fixed interest	26%	0% - 40%	50% Bloomberg Barclays Global Aggregate Index (100% hedged to the New Zealand dollar) 50% Bloomberg Barclays Global Aggregate Government-Related and Corporate Index (100% hedged to the New Zealand dollar)
	Total	40%	20% - 60%	
Growth	Australasian equities	14.5%	0% - 40%	70% S&P/NZX 50 Portfolio Index 30% S&P/ASX 200 Index (75% hedged to the New Zealand dollar)
	International equities	38%	0% - 50%	62% FTSE Developed All-Cap Index (100% hedged to the New Zealand dollar) 21% FTSE Developed All-Cap Index (converted to the New Zealand dollar) 17% FTSE Emerging Markets All Cap China A Inclusion Index (converted to the New Zealand dollar)

	Listed property	7.5%	0% - 20%	25% S&P/NZX Real Estate Select Index 25% S&P/ASX 200 A-REIT Equal Weight Index (75% hedged to the New Zealand dollar) 50% FTSE EPRA/NAREIT developed ex Australia rental index (75% hedged to the New Zealand dollar)
	Total	60%	40% - 80%	

Permitted investments

The fund may invest (via SuperLife Invest) in the following assets:

- the sector and ETF funds; and
- cash and cash equivalents.

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments (and managed investment schemes that primarily invest in cash and cash equivalents).

Hedging

The fund's foreign currency exposure is not hedged, but the fund may invest in other funds which foreign currency exposure is hedged.

Rebalancing

The fund is rebalanced in accordance with Smartshares' rebalancing policy.

Other

The fund can borrow up to 10% of the aggregate value of its investments, but only for the purposes of providing short-term liquidity (i.e. to temporarily fund redemptions, securities settlement or pay expenses).

Schedule 6 – SuperLife⁸⁰

Investment objective

Designed for investors that want a growth investment option.

Investment strategy

Purpose	Asset class	Target	Range	Market index
Income	Cash and cash equivalents	1%	0% - 20%	S&P/NZX Bank Bills 90-Day Index
	New Zealand fixed interest	6.5%	0% - 20%	S&P/NZX A-Grade Corporate Bond Index
	International fixed interest	12.5%	0% - 30%	50% Bloomberg Barclays Global Aggregate Index (100% hedged to the New Zealand dollar) 50% Bloomberg Barclays Global Aggregate Government-Related and Corporate Index (100% hedged to the New Zealand dollar)
	Total	20%	5% - 40%	
Growth	Australasian equities	20%	0% - 50%	70% S&P/NZX 50 Portfolio Index 30% S&P/ASX 200 Index (75% hedged to the New Zealand dollar)
	International equities	52.5%	0% - 60%	62% FTSE Developed All-Cap Index (100% hedged to the New Zealand dollar) 21% FTSE Developed All-Cap Index (converted to the New Zealand dollar) 17% FTSE Emerging Markets All Cap China A Inclusion Index (converted to the New Zealand dollar)

	Listed property	7.5%	0% - 25%	25% S&P/NZX Real Estate Select Index 25% S&P/ASX 200 A-REIT Equal Weight Index (75% hedged to the New Zealand dollar) 50% FTSE EPRA/NAREIT developed ex Australia rental index (75% hedged to the New Zealand dollar)
	Total	80%	60% - 95%	

Permitted investments

The fund may invest (via SuperLife Invest) in the following assets:

- the sector and ETF funds; and
- cash and cash equivalents.

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments (and managed investment schemes that primarily invest in cash and cash equivalents).

Hedging

The fund's foreign currency exposure is not hedged, but the fund may invest in other funds which foreign currency exposure is hedged.

Rebalancing

The fund is rebalanced in accordance with Smartshares' rebalancing policy.

Other

The fund can borrow up to 10% of the aggregate value of its investments, but only for the purposes of providing short-term liquidity (i.e. to temporarily fund redemptions, securities settlement or pay expenses).

Schedule 7 – SuperLife¹⁰⁰

Investment objective

Designed for investors that want an aggressive investment option that invests in shares and property.

Investment strategy

Purpose	Asset class	Target	Range	Market index
Income	Cash and cash equivalents	1%	0% - 20%	S&P/NZX Bank Bills 90-Day Index
	Total	1%	0% - 20%	
Growth	Australasian equities	25.5%	0% - 60%	70% S&P/NZX 50 Portfolio Index 30% S&P/ASX 200 Index (75% hedged to the New Zealand dollar)
	International equities	66%	0% - 80%	62% FTSE Developed All-Cap Index (100% hedged to the New Zealand dollar) 21% FTSE Developed All-Cap Index (converted to the New Zealand dollar) 17% FTSE Emerging Markets All Cap China A Inclusion Index (converted to the New Zealand dollar)
	Listed property	7.5%	0% - 25%	25% S&P/NZX Real Estate Select Index 25% S&P/ASX 200 A-REIT Equal Weight Index (75% hedged to the New Zealand dollar) 50% FTSE EPRA/NAREIT developed ex Australia rental index (75% hedged to the New Zealand dollar)
	Total	99%	80% - 100%	

Permitted investments

The fund may invest (via SuperLife Invest) in the following assets:

- the sector and ETF funds; and
- cash and cash equivalents.

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments (and managed investment schemes that primarily invest in cash and cash equivalents).

Hedging

The fund's foreign currency exposure is not hedged, but the fund may invest in other funds which foreign currency exposure is hedged.

Rebalancing

The fund is rebalanced in accordance with Smartshares' rebalancing policy.

Other

The fund can borrow up to 10% of the aggregate value of its investments, but only for the purposes of providing short-term liquidity (i.e. to temporarily fund redemptions, securities settlement or pay expenses).

Sector funds

Schedule 8 – NZ Cash Fund

Investment objective

Designed for investors that want a defensive investment option that provides a return (after tax, fees and other expenses) that reflects the after-tax return on the New Zealand cash market.

Investment strategy

Asset class	Target	Range	Market index
Cash and cash equivalents	100%	100%	S&P/NZX Bank Bills 90-Day Index
Total	100%	100%	

Permitted investments

The fund may invest (via SuperLife Invest) in the following assets:

- any fund in the Smartshares Exchange Traded Funds that primarily invests in cash and cash equivalents;
- any managed investment scheme that primarily invests in cash and cash equivalents; and
- cash and cash equivalents.

Cash and cash equivalents include cash on hand, deposits held at call with banks and other short-term highly liquid investments (and managed investment schemes that primarily invest in cash and cash equivalents).

Other

The fund can borrow up to 10% of the aggregate value of its investments, but only for the purposes of providing short-term liquidity (i.e. to temporarily fund redemptions, securities settlement or pay expenses).

Schedule 9 – NZ Bonds Fund

Investment objective

To provide a return (after tax, fees and other expenses) that reflects the after-tax return on the New Zealand bond market.

Investment strategy

Asset class	Target	Range	Market index
Cash and cash equivalents	1%	0% - 20%	S&P/NZX A-Grade Corporate Bond Index
