

SuperLife UK pension transfer scheme

Ethica Fund

Fund update for the quarter ended 31 December 2020

This fund update was first made publicly available on 16 February 2021.

What is the purpose of this update?

This document tells you how the Ethica Fund has performed and what fees were charged. The document will help you to compare the fund with other funds. Smartshares Limited prepared this update in accordance with the Financial Markets Conduct Act 2013. This information is not audited and may be updated.

Description of this fund

Invests in a mix of income and growth assets and designed for investors that want a balanced investment option. A socially responsible fund which excludes assets that do not meet the fund's defined ethical investment standards. Negative annual returns may occur once in every 5-7 years on average.

| | |
|----------------------------------|--------------|
| Total value of the fund: | \$3,814,767 |
| Number of investors in the fund: | 47 |
| The date the fund started: | 24 July 2012 |

What are the risks of investing?

Risk indicator for the Ethica Fund

The risk indicator is rated from 1 (low) to 7 (high). The rating reflects how much the value of the fund's assets goes up and down. A higher risk generally means higher

potential returns over time, but more ups and downs along the way.

To help you clarify your own attitude to risk, you can seek financial advice or work out your risk profile at sorted.org.nz/tools/investor-kickstarter.

Note that even the lowest category does not mean a risk-free investment, and there are other risks that are not captured by this rating.

This risk indicator is not a guarantee of a fund's future performance. The risk indicator is based on the returns data for 5 years to 31 December 2020. While risk indicators are usually relatively stable, they do shift from time to time. The risk indicator will continue to be updated in future fund updates.

See the Product Disclosure Statement for the SuperLife UK pension transfer scheme for more information about the risks associated with investing in this fund.

How has the fund performed?

| | Average over past 5 years | Past year |
|--|---------------------------|-----------|
| Annual return (after deductions for charges and tax) | 7.26% | 9.45% |
| Annual return (after deductions for charges but before tax) | 8.40% | 10.77% |
| Market index annual return (reflects no deduction for charges and tax) | 9.39% | 9.76% |

The market index annual return is based on the weighted average annual return of the market indices used to measure the performance of the assets that the fund invests in. Additional information about the market index is available in the 'Other Material Information' document on the offer register at

disclose-register.companiesoffice.govt.nz

Annual return graph

This shows the return after fund charges and tax for each year ending 31 March since the fund started. The last bar shows the average annual return since the fund started, up to 31 December 2020.

Important: This does not tell you how the fund will perform in the future.

What fees are investors charged?

Investors in the Ethica Fund are charged fund charges. In the year to 31 March 2020 these were:

| | % per annum of fund's net asset value |
|--|---------------------------------------|
| Total fund charges | 0.71% |
| Which are made up of: | |
| Total management and administration charges | 0.71% |
| Including: | |
| Manager's basic fee | 0.70% |
| Other management and administration charges | 0.01% ¹ |
| Other charges | Dollar amount per investor |
| Administration fee | \$60 per annum |

Investors may also be charged individual action fees for specific actions or decisions (for example, for transferring money into the scheme from a UK pension scheme). See the Product Disclosure Statement for the SuperLife UK pension transfer scheme for more information about those fees.

Small differences in fees and charges can have a big impact on your investment over the long term.

The fees set out above include GST where applicable.

Example of how this applies to an investor

Jess had \$10,000 in the fund and did not make any further contributions. At the end of the year, Jess received a return after fund charges were deducted of \$945 (that is 9.45% of her initial \$10,000). Jess paid other charges of \$60. This gives Jess a total return after tax of \$885 for the year.

What does the fund invest in?
